Dear Sir:-

In sending you a statement of the Tobique River logs we made a mistake in the following marks, H X Y and ~~I~~. You will therefore please reduce the H X Y by 101,080 Sft. Cedar, and the Spruce of the same mark by 491,680 Sft., making a total of 592,760 Sft. to be taken away from the mark H X Y; and you will also please reduce the mark ~~I~~ by 4000 Sft. Spruce.

I trust that this error has not caused you any inconvenience.

Yours very truly,

THE ST. JOHN RIVER LOG DRIVING COMPANY,

Manager.
