

THOS. R. HILYARD.

GEO. A. HILYARD.

HILYARD BROTHERS,

LUMBER MANUFACTURERS,

ST. JOHN, N. B., July 5th. 1911

Tobique River Log Driving Co.

J. C. Hartley,

Woodstock, N. B.

Dear Sir:-

Your draft for \$ 881.66 we have returned as our Mr. Thos. R. Hilyard spoke to you when he was in Woodstock, recently, and asked you not to draw on us, as we did not think we owed you anything on account of a large amount of the logs being hung. The following is made up on the most accurate information we can get, showing the situation.

McLaughlan drove	150,000	Spft Forks .28	42,00
	3000,000	" Wapski.14	420,00
	<u>300,000</u>	" Below 7	21,00
Estimated	3,450,000	" .2	<u>69,10</u>
			\$ 552,10
Cash advanced			<u>525,62</u>
		Balance	\$ <u>26,48</u>

Estimated E. Waugh drove recently to the Main River which we have paid the wages etc on direct.

2,000,000 Spft.

5,450,000

Driven.

Balance of operation hung, and we have had hardly One Million rafted at Fredericton, and they say the rafting will be completed in about 4 weeks, so it looks as if we would not receive even the above estimated quantity, therefore we should not pay any more drafts unless we get the logs, we remain,

Yours truly,

Hilyard Bros.

G.

Letter in June
 P.S. What is the date McLaughlan is to drive the river up to.
